

# **Quick Installation Guide**

**ENR-320P** 16-Channel 4-Bay Tower Standalone NVR with 16-port PoE connectors

**ENR-321P** 32-Channel 4-Bay Tower Standalone NVR with 16-port PoE connectors

# **BEFORE YOU START**

Thank you for purchasing ACTi ENR Standalone Network Video Recorder. This guide contains all the information you need to quickly set up the device via local display interface.

For detailed instructions on installation and operation, please search for the product manuals on <u>http://www.acti.com/downloadcenter</u>.

The items below are required for installation:

- Network cameras
- Monitor (with HDMI input and the cable)
- Network cables
- Network switch
- At least one ACTI-certified 3.5 inch SATA hard disk
  Check the list of certified models in <u>http://www.acti.com/hddselector</u>

If you have any problems during installation, please contact us via <u>https://www.acti.com/CHD</u> or US/Canada toll-free number: 1-866-410-2284 (ACTI)

# 1 UNPACK

This package includes the following items:

- ENR Unit
- Power adapter
- Power cord
- Socket converter
- Hard disk screw pack
- Hard disk bay keys (2)
- USB mouse
- Terminal blocks (2)

- 1 Hard Disk Bay
- 2 LED Indicators
- 3 Power Button
- **4** USB 2.0 Ports (2)
- 6 Reset Button
- 6 Main Switch
- **7** Power Input Connector

- 8 Digital Input / Output
- 9 LAN Port
- USB 3.0 Port
- 1 WAN Port
- 12 PoE Ports (16)
- 13 HDMI Port
- Audio Input / Output

## **3** INSTALL HARD DISK DRIVE

#### Step 1

Using the bundled keys, unlock the front cover panel.

### Step 3

Push the lock towards the right to eject the HDD bay.

### Step 5

Remove the empty tray from the HDD bay.

#### Step 7

Push the HDD bay completely into the slot until the bay locks into place.

\* Repeat Step 2 to Step 8, to install more hard disk drive.

## Step 2

Still using the bundled keys, unlock a hard disk (HDD) bay.

**Step 4** Pull out the HDD bay.

## Step 6

Secure the hard disk on the HDD bracket using the bundled screws.

# Step 8

Lock the HDD bay.

# **4** CONNECTIONS

The example below displays a network with ENR and basic required peripherals to start using the device.

## 5 POWER ON

1. Turn on **the Main Power Switch**.

2. On the front panel, press the **POWER BUTTON** to turn on the **ENR**.

# 5 LOGIN

On the **Login** screen, using the on-screen keyboard, type the **Account** and **Password**.

## 7 FORMAT THE HDD

- 1. Click the **System Setup** icon on the **Live View** screen.
- 2. Click the **Storage** > **Management** page.
- 3. Select the hard disk to format, then click Format.
- 4. Repeat the above steps to format the other disk, and then click OK.

## 8 ADD DEVICES

- 1. On the Live View screen, click Add.
- 2. Click Add Camera from the pop-up menu.

Or, click other network devices to add them in the ENR. You may also group devices by creating a group. However, for this quick installation guide, we will only cover adding cameras in general.

- 3. Click a model to select the camera. The text of the selected camera will turn orange.
- Repeat the above step to add more cameras.
- 5. Click **Add** to complete.

## 9 CHECK LIVE VIEW

After adding the cameras, the models are listed on the left panel of the **Live View** screen.

- 1. Create a tab view on the right panel, click
- 2. Drag a model to the Live View screen.

# **10 MANAGE DEVICES**

Managing the devices can be done from the **Live View** screen. Right-click on the device model from the left panel, then click to:

- **Rename** the device name on the list
- Delete the device from the list
- Setup the camera settings (see below)

### **Camera Settings**

From the **Camera Settings** screen, click the corresponding page tab to configure video settings, set up motion detection, event and schedule recordings.

To modify the camera settings, click **Get Camera Settings**. Modify as needed, then click **Apply**.

- To configure motion setup, click **Setup**.
- To resize the detection area, drag the box on the lower right corner of the area.

			Camera Se	attings				
			Event					
Configuration Event ar	d Action							
Event				Response	2			
MotionDetected_1							8	
MotionDetected_2							8	
MotionDetected_3							8	
MotionDetected_4							8	
MotionDetected_5			Event and	Action			8	1
MotionDetected_6							8	п
MotionDetected_7						ANS	8	
MotionDetected_8	found sizes	and design					81	
MotionDetected_9							8	
MotionDetected_10	D C Enable						8	
OlgitalInput0n_1							8	
DigitalInputOn_2							8	
DigitalInputOn_3							8	
OigitalInput0n_4							87	
NetworkLoss							8	1
NetworkRecovery							8	1
C SoundDetection					Seve	Cicse	8	н
FaceDetection							8	1
CrossLineDetection	_						8	
LoiteringDetection							8	1
MissingObjectDetection							8	

To set the event trigger, double- click the **Edit** icon **2**.

To configure the recording schedule, select a recording or event handling schedule, then mark the calendar and then click **Apply**.

# **11** CHECK RECORDINGS

On the Live View screen, click the **Playback** icon on the bottom right corner to enter the **Playback** screen.

On the time bar, drag the current-time indicator to your desired position, and then click the **Playback** icon.

# **12 SYSTEM SETUP**

Administrators can configure the ENR system setup.

- 1. On the Live View screen, click the Setup Sicon on the bottom left corner.
- 2. On the Setup screen, click a menu page tab to access the settings:

- System: Includes system information, date and time, email settings, etc.
- Network: Includes network related configurations.
- Storage: Manages the storage settings of the ENR.
- Maintenance: Includes firmware upgrade and station management system.
- Permission: Includes users persmission setup.
- Log: Lists the system log of the ENR.
- Joystick: Includes joystick configuration.

## For PoE models

Configure the PoE ports individually in Network > PoE.

WARRANTY CARD

This product is under warranty from the date of the original purchase ("Warranty Period").
